

ELECTRIC

JACK STRAWS by Jim Prentice 1942

Any Number can Play:

Before starting game, tighten lamp securely in socket.

Choose first player.

Players sit in a group. Each player in turn, tries to remove a Jack Straw with the Electric Tweezers. If he succeeds, he continues his turn. However, if he touches the metal top with the tweezers (flashing lamp and buzzer) he loses his turn and the Jack Straw.

The game is then passed to the next player, and so on until all Jack Straws have been removed,. Each player then adds the values of his Jack Straws. The one with the highest total is the winner..
