SPIN-O-TOP

DIRECTIONS

Two, three or four may play, each selecting a spinner.

All the players must start simultaneously, and the top must begin its spin on the center circle marked "Spin Here." If it strikes the board outside of this space at the beginning, the player must start again.

Where the top drops in a hole, the player adds or subtracts from his score the amount shown next to the hole. If the peg of the top is not in a hole it does not score. No top must be removed from the board until all the tops have come to rest.

75

Scores are noted after each spin and the first player to reach a total of 100 is the winner.
