## THE NIAGARA Combination Marble Puzzle

---

### DIRECTIONS FOR PLAYING

Place forty-four marbles on the board in holes with center hole vacant. Start by jumping one marble over next in straight line jumps, until you have all marbles off the board except one in the center hole, which is your last jump.

---

### DIRECTIONS FOR PUZZLE WITH THIRTY TWO MARBLES

Place thirty-two marbles on board in holes, with last three holes vacant in each section and center hole vacant and jump in same way as above.

There are one hundred different positions or problems that can be worked out on marble puzzle.

---

### FOR TWENTY MARBLES

Place 20 marbles on board with center hole vacant and jump as above.
