**GREAT FUN FOR A ROOM FULL**  
**And EQUALLY GOOD FOR TWO or THREE**

Choose the Fortune Teller and let the Fortune Teller select the person whose fortune is to be told.

Place the cards face down upon the table. The player whose fortune is to be told selects **one** of the cards.

The Fortune Teller spins the indicator and taking the card reads the heading and then the remark applying to the number spun.

The Fortune Teller then shuffles **all** of the cards and draws the cards one at a time, spinning the indicator for each new card he draws and reading the remark applying to the number spun.

N.B.—In telling a ladies fortune, omit reading from cards that are intended to apply exclusively to men and vice versa.
