For  
The Game Of  
**AUTHORS**

**T**HERE are 52 cards to this game, 13 books of 4 cards each to the book. The name of each card is printed at the top of the card and the names of the other three cards in the set are printed at the bottom of each set.

The object of the game is to obtain books by calling for cards from other players to complete these books. The player having the most books is the winner.

Cards should be well shuffled and dealt one at a time face down. The player at the dealer's left begins by asking the dealer for a desired card. If he is successful, he continues to ask for more desired cards from any other player until he misses.

The player on his left then takes up the game in the same manner.
