

# JACK STRAWS! TWO OR MORE PERSONS MAY PLAY THIS POPULAR GAME.

## DIRECTIONS FOR PLAYING.

To play this popular game, first take all the straws in one hand, holding them perpendicularly about two inches above the table, then open the hand quickly so they will drop in a promiscuous pile. The game is—by means of the hook—to remove each straw without moving the others. Each player draws until he moves a straw, when it is next player's turn. When all are drawn, each player computes the value of his straws by means of the schedule opposite, and the highest value wins.

## VALUE OF STRAWS.

White Straw Counts.....	1
Yellow Straw Counts.....	2
Pink Straw Counts.....	4
Red Straw Counts.....	5
Blue Straw Counts.....	10
Green Straw Counts.....	15
